

## Help appropriate patients start and stay on RYTARY

The MyRYTARY Patient Support Program provides patients with the resources they need to:

### Start on RYTARY\*

#### Support when beginning treatment

The **Starter Rx Program** may give eligible patients access to RYTARY for free during their initial dose adjustment and coverage determination processes.

- Delivers RYTARY directly to the patient's home—no need to visit the pharmacy
- Can provide RYTARY to them at no cost for a trial period (thereafter, patients would fill their prescriptions as they normally would at their local pharmacy)
  - Commercially insured patients are eligible for up to 90 days; overnight/next day first shipment
  - Federal Health Care Program patients are eligible for up to 60 days (there is a mandated insurance coverage delay of 5 business days before product can be shipped)
